Team Meeting-11

28 MARCH 2021 / 01:30 PM / ZOOM CONFERENCE ROOM

Attendees

Samarth, Priyank, Parth, Harsh, Kishan, Preyanshu, Dhruv, Yugam

Agenda

Finalizing Interface for Software

Notes

Meeting Details

1. Goal

    ○ Finalize the Interface in which the software will be developed.

2. Discussion

    ○ We have discussed about the different interfaces for software development like mobile application, Webapp and Software in Java or C++, etc. and their pros and cons.

    ○ We have also finalized the Environments for coding and developing the software in order to finalize the designs by next meeting.

Action Items

1. Discussion

    ○ We have briefly discussed about all the interface like their flexibility, looks, design options and connectivity with backend part throughout the development.

    ○ We have also discussed about which languages and software to use for developing the software.

2. Conclusion

    ○ We have concluded the meeting by deciding to develop a webapp.

    ○ We have also decided to use ReactJS, MongoDB, etc. software for development of the webapp.

Next Meeting Agenda

Finalize the designs of the web pages
